## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Harris Pitlick on September 16, 2005.

The application has been amended as follows:

Claims 1, 2 and 9-11 have been deleted.

## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The examiner contacted applicants' representative and proposed amending claim 1 to include a bending strength of 1200-1520 MPa (support can be found at page 16, line 28 and Table 4, Example 17). It was the examiner's position that such an amendment would clearly define over Nawa et al. (US Patent No. 5,728,636) because the reference, alone or in combination, does not disclose or suggest such a bending strength. Without the amendment, it was the examiner's position that the product implied by the process of claim 1 is indistinguishable from Nawa et al. Applicants did not agree to the amendment but proposed deleting the claims in favor of a divisional application and allowing the method claims to issue.

As to claim 4, the prior art, including Nawa et al., fail to disclose or suggest a method of making the claimed  $Al_2O_3/ZrO_2$  ceramic by sintering zirconia and a mixture of  $\alpha$ - $Al_2O_3$  and  $\gamma$ - $Al_2O_3$  which is substantially spherical shape and a surface area of 10-100 m<sup>2</sup>/g.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Sample whose telephone number is (571)272-1376. The examiner can normally be reached on Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on (572)272-1233. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
